Brand New Book ***** Print on Demand *****.The essential item producers and distributors in every nation, inflate the prices of their commodities, to cover up their mis-management every year, so that more and more people are not afford to buy them. Thus they create, increase and maintain an expanding below poverty line persons in the nation. This Book substantiates this statement, through verified inference. Also it suggests a dual ratio control on Essential item producers and distributors, for poverty eradication. All the species, in this world survived over the generations, by fitting themselves within the available resources, for many millennium (Darwins s theory). But human, because of their intelligence, survived in a 3 dimensional shell namely (a) The geography and environment (b) The social influences and (c) The economic infrastructure. This book pin points each segment of the world population in and under poverty line, using the World Bank survey map, and the Operating ratio as the measure of the performance of the essential suppliers. Lower ratio represents prosperity. India is taken as a representative country for the analysis. Agriculture is found to be of...
