Excerpt: . . . To manage the acquisition and deployment of Navy Cash, DON established Navy Cash Oversight and a program management office within the Naval Supply Systems Command Management Roles and 9 10 (NAVSUP). As authorized by statute and because of its experience in Responsibilities developing stored value card programs for other military departments, NAVSUP has partnered with FMS to develop Navy Cash. In February 2001, NAVSUP and FMS signed a memorandum of agreement that, among other things, delineated their respective program roles and responsibilities. According to the agreement, NAVSUP, through the Navy Cash program office, is responsible for managing the acquisition of the program, including managing system requirements and developing program cost and benefit estimates. According to DOD and other relevant guidance, acquisition management includes, among other things, such key IT management control areas as architectural alignment, economic justification, requirements management, risk management, security management, and system quality measurement. Also according to the agreement, FMS, through a designated financial agent, is to (1) provide for all financial services...
